Design Inspiration

The 7 Summits (Peaks) of the World

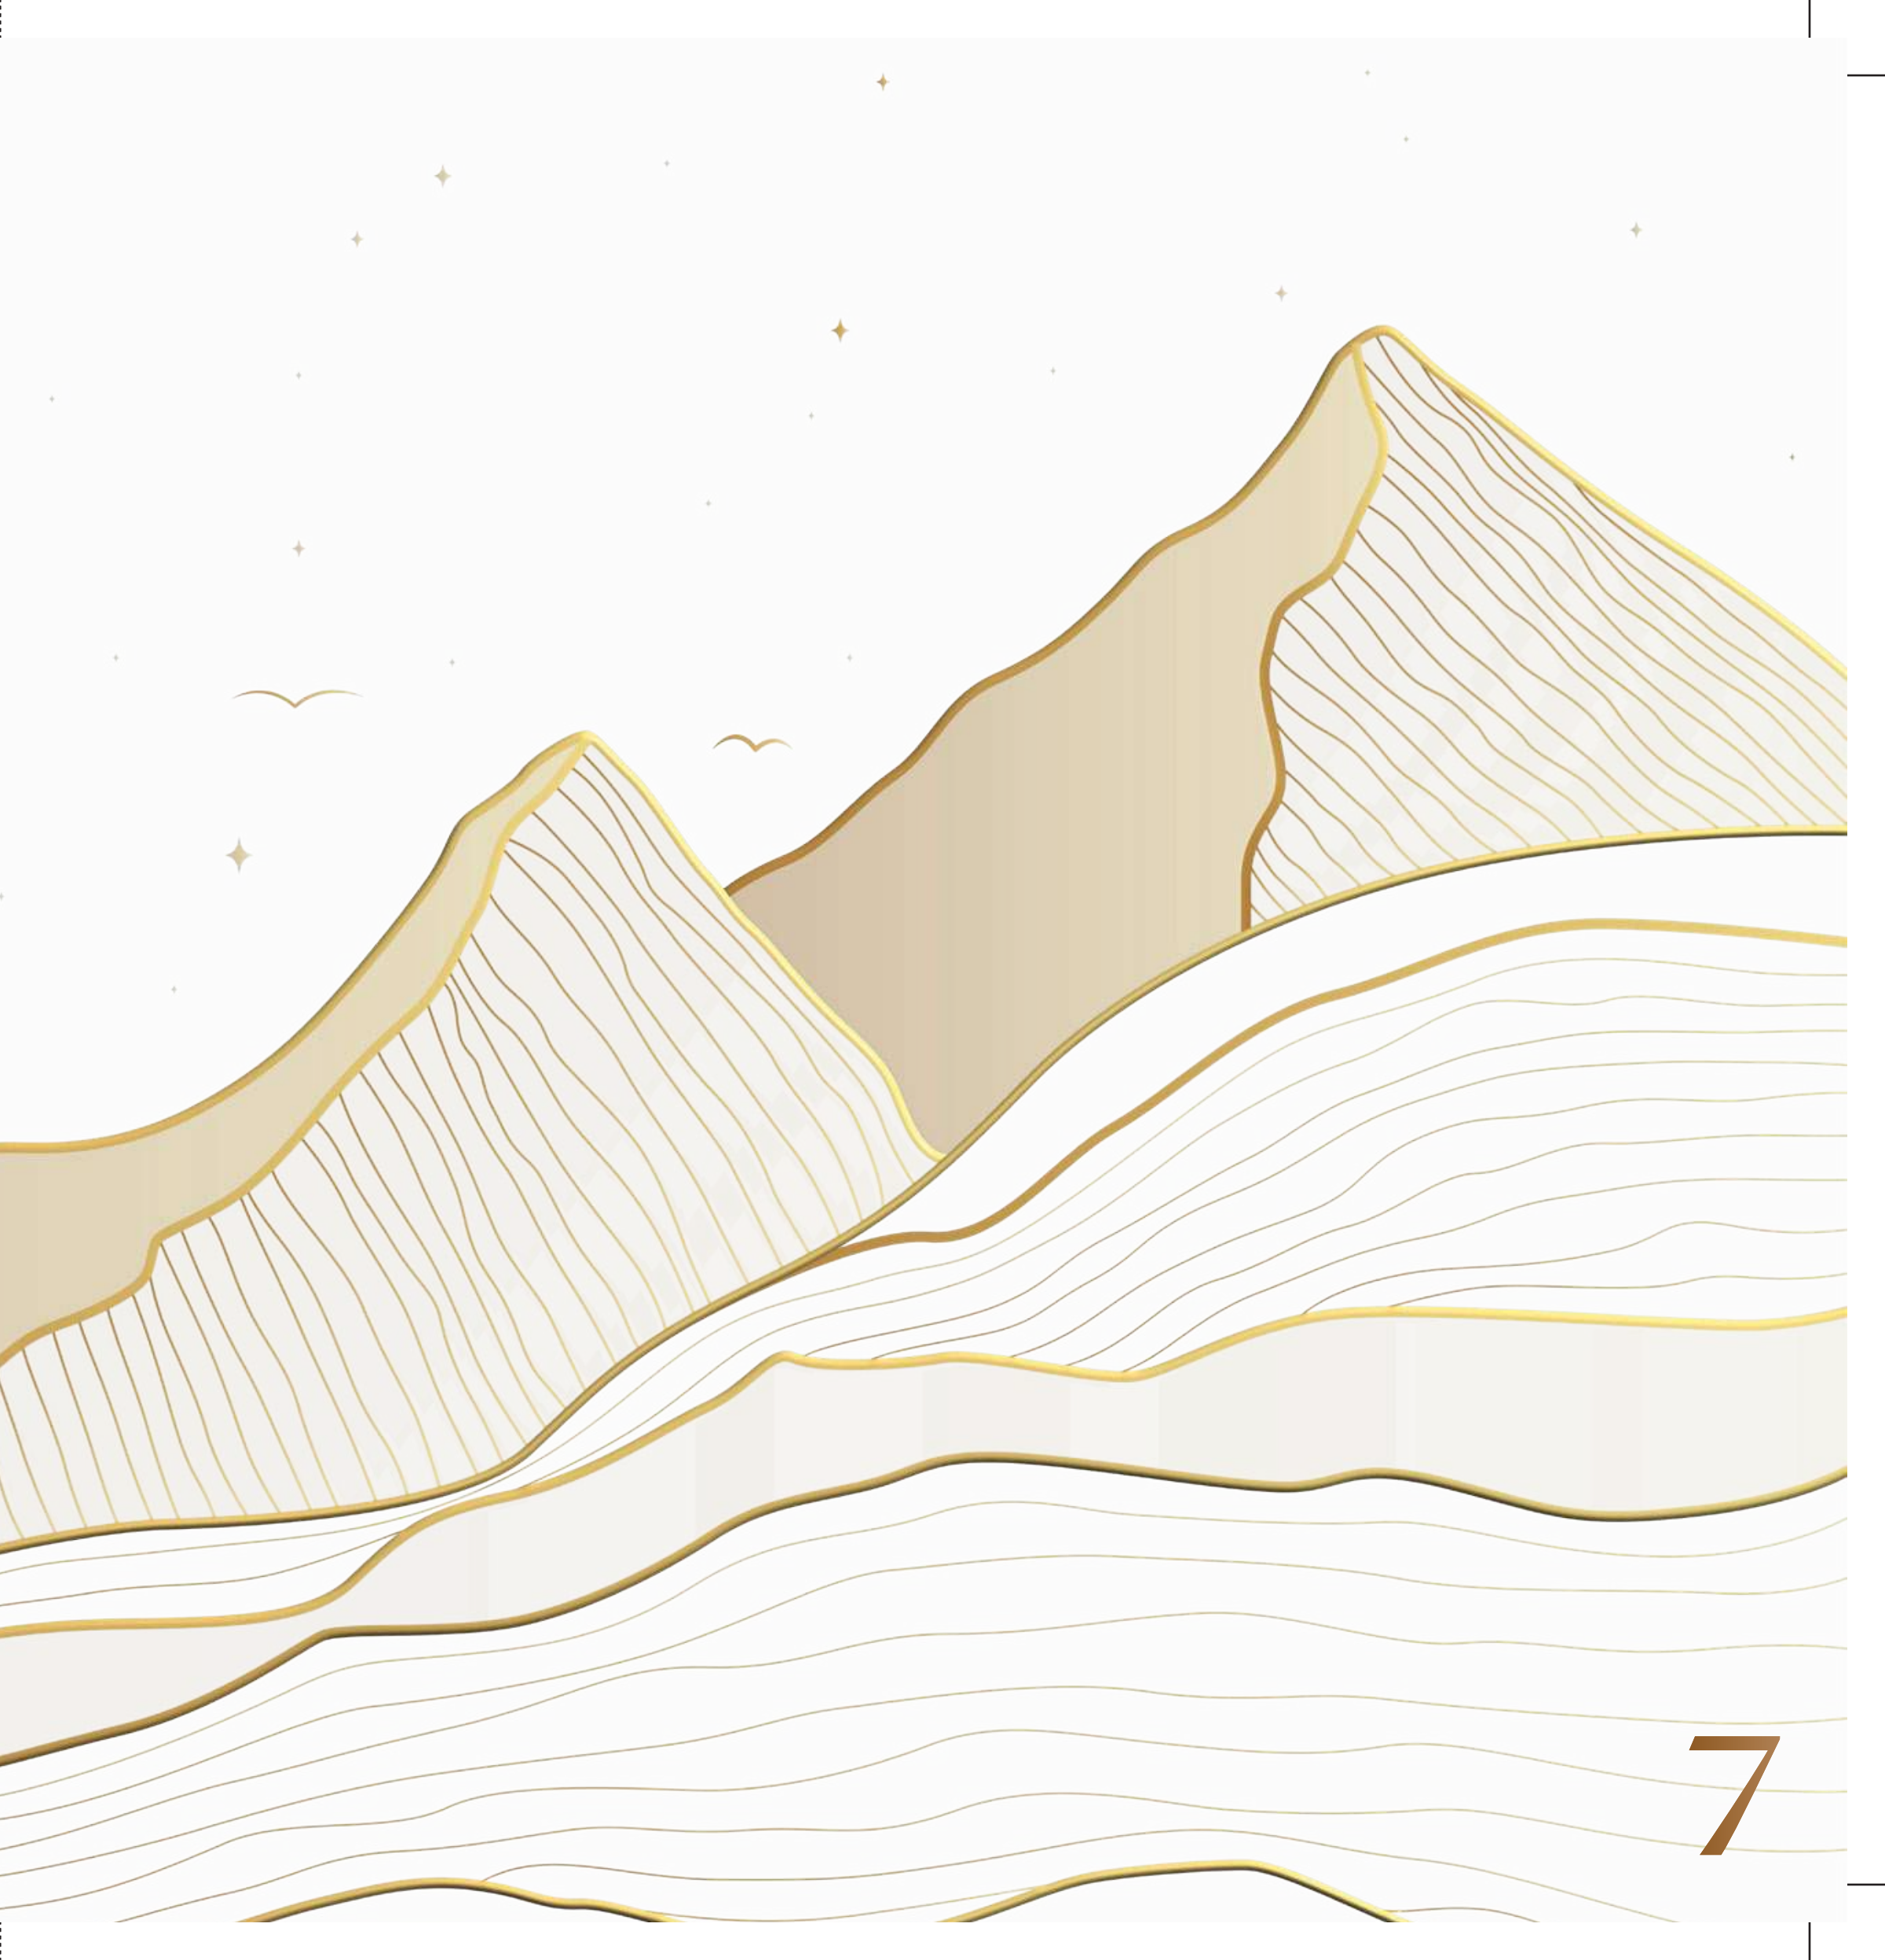

The 7 Summits are the highest peaks on each continent, symbols of endurance, ambition, and the ultimate pursuit of standing atop the world. Conquering them is a dream that calls to every adventurer who dares to rise above limits and touch the sky.

Inspired by this spirit, **Eldeco 7 Peaks Residences** brings the idea to life through **7 iconic towers**, each echoing the strength and stature of these legendary summits - Asgard, Blanc, Crestone, Denali, Everest, Killi East, Killi West.

Surrounded by expansive, oxygen-rich green belts, the residences are immersed in a rare natural environment where every day begins with fresh air and uninterrupted views.

Low-rise plotted developments on one side preserve an open skyline, at the same time, layers of mature trees and sunlit canopies create a living panorama that transforms beautifully with every season, bringing nature closer in every moment.
